THE PHOTOGRAPHERS INSURANCE PACKAGE POLICY

\$ _____ OWNED CAMERA EQUIPMENT LIMIT PHOTOGRAPHIC EQUIPMENT

FLOATER: All-risk, worldwide coverage for your cameras and accessories. Coverage is on a stated-value basis, meaning you should insure each item for the full amount required to replace it. For example, if you would replace a Nikon F6 by buying it new but would replace your old Hasselblad 500C/M by going to the used market, indicate the appropriate acquisition costs on your schedule.

\$ _____ **RENTED AND BORROWED EQUIPMENT:** At your option, insure equipment which you rent or borrow from others. Coverage is available on a blanket basis at limits of \$2,000, \$5,000, \$10,000, \$20,000, \$25,000 or \$30,000.

\$ _____ **STUDIO/OFFICE CONTENTS & COMPUTER EQUIPMENT:** All-risk coverage for such items as darkroom equipment, studio furnishings, general office contents and computer equipment. The policy automatically provides a limit of \$10,000.

INCLUDED LOSS OF BUSINESS INCOME: Pays you net income and normal operating expenses while you restore your business after a covered loss. Business income protection applies more to studio photographers than to location photographers. Coverage is automatic up to the actual loss sustained for a 12-month period.

INCLUDED EXTRA EXPENSE: Covers the additional costs, such as rental of studio space, in the event that your space is damaged.

\$25,000 ACCOUNTS RECEIVABLE: Pays you amounts due from your customers that you are unable to collect as a result of covered loss to your records of accounts receivable. The policy automatically provides a limit of \$25,000. Please indicate if you wish higher limits.

\$ _____ **TEMPORARY CUSTODY COVERAGE:** Insure property of others while in your custody, for up to fourteen days. This benefit is extremely valuable to advertising and fashion photographers who may be using expensive clothing or consumer products as the subject matter of their photographs. Temporary Custody Coverage is available on a blanket basis at limits of \$5,000, \$10,000, \$20,000 or \$25,000.

UP TO \$25,000 PORTFOLIOS/ VALUABLE PAPERS: Insure the cost to reproduce your portfolios (assuming you have the original images) in the event of theft or destruction by a covered loss. Also covers the portfolio case. Please indicate if you wish higher limits.

\$ _____ **EQUIPMENT RENTAL REIMBURSEMENT:** Covers the cost to rent equipment while yours is being repaired or replaced as a result of theft or other covered loss. Limits available are \$1,000 or \$2,500.

\$ _____ **GENERAL LIABILITY INSURANCE:** Protection for your acts, and those of your assistants, against bodily injury and property damage claims. The policy automatically provides a limit of \$1 million. Please indicate if you wish higher limits.

INCLUDED HIRED AND NON-OWNED AUTO: Provides liability-only coverage for your business for claims involving assistant's personal vehicles or vehicles you rent or hire. This coverage is excess over any primary coverage which the owner of the vehicle might have.
